Wool Carder

Mary-Anne demonstrating her spinning wheel

The gorgeous finished products

A Letter from Mary-Ann:

Thank you so much for inviting me to your meeting, to share my love of spinning and knitting. As dyeing and playing with colours is my true passion, I also dye millspun yarns in many colourways. You can check out my work on my website www.smithandewe.com, where you will see fingering weight yarns in Merino wool, fingering weight yarns in Merino wool and alpaca, DK weight Merino wool yarns and Chunky weight Merino wool yarns, as well as my own hand dyed and handspun yarns. I will be at the Kamloops Farmer's Market this year (starting in June for me) but if you want to come by to my studio to check things out, feel free to e-mail me at smithandewe@gmail.com.

Click on any of the above cards to open a link to the website.
